MEMORANDUM FOR: Director of Special Activities  
ATTENTION: Chief, Intelligence Division  
SUBJECT: Evaluation of Proposed [ ] Mission C029C,  
12 March 1969  
REFERENCE: [ ] 24 October 1966

25X1

1. This memorandum is a review and analysis of Route 1107 which lies over water, following along the southeast coast of China from approximately 19-43N/111-37E to 24-56N/119-28E. The evaluation is prepared in support of Idealist Mission C029C, and is forwarded in compliance with this Office's responsibilities as set forth in the reference.

2. Our order-of-battle information shows no MiG-21s currently based within combat radius of the intended flight route, indicating little probability of a fighter reaction against the mission aircraft.

3. No SAM reactions are anticipated against the mission if the route is flown off shore as planned.

[ ]  
DONALD F. CHAMBERLAIN  
Director of Scientific Intelligence
